Two injured in Saturday collisions, damages \$9,400

With the weather being good for November, OPP report only four collisions this week. The four had a total of \$9400 in damages plus a staircase was damaged for \$70.

LITTLE BRITAIN MAN IS CHARGED

On Friday morning on Hwy. 121 east of Minden a man from Little Britain lost control of his car on a curve while westbound and entered the south ditch rolling onto its side. Police estimate the damage at \$1800. and report that Kevin B. Dykstra 20, has been charged with having no insurance and driving while his license was suspended. PC Reg Eveligh.

CAR JUMPS CREEK

Around 8:45 Friday evening David R. Arbuthnot was driving his car southbound on the Reynolds Road (off Horseshoe Lake Rd 2) when it skidded on a curve, entered the west ditch and came to rest on the far side of a small creek. No charges were reported but damage has been set at \$1000. PC Dunham.

HALIBURTON MAN INJURED

Carl Packard 24, of Haliburton suffered minor injuries and was taken to hospital following a single vehicle collision on Hwy. 530 west of Hwy. 519 on Saturday evening. Packard was westbound, when his car entered the south ditch striking some rocks and rolled over. Damage, \$1600. No charges were laid in the mishap. PC Gary Chapman.

CAR STRIKES TREE AND STAIRCASE

Phillip Kinzett 18, of Richmond Hill suffered minor injuries on Saturday evening on Cty. Rd. 2, when his car entered the ditch. Kinzett was northbound entered the east ditch striking a tree, spun around and struck a staircase and then a second tree. He was treated for injuries in hospital. Damage has been set at \$3000. PC Mike Legge.

HCSA gets OK from Council to brush snowmobile trails

The Townships of Anson, Hindon and Minden sat down for their 29th council meeting of the year last Wednesday morning and the following business was conducted.

Council received two quotations for the painting of the interior of the municipal building and passed a motion to accept the tender received from Gino Ziorjen.

Three quotations were received for renovations to the offices in the municipal building and the one tendered by Don Campbell Construction of Minden was accepted. Renovations to be finished by Dec. 15.

The new ambulance-supervisor for Minden is Robert Luke who will be employed in the position subject to the six month probationary period.

A letter was received by council from the Haliburton County Snowmobile Association relative to brushing trails along the township road allowances. The following motion was passed; that the HCSA be permitted to brush out snowmobile trails along the sides of the following road allowances providing that permission also be received from the affected property owners relative to hedges, cultivated shrubs etc.

1. Horseshoe Lake Roads 1 and 2 both ways from the steel bridge at Mirror Lake
2. Dennison Road east from Horseshoe Lake Road No. 2 along the north side of the road in the area already brushed out by Ontario Hydro.
3. That portion of McArthur Road from near Ivan, Miscio's residence east to the junction of Duck

Charlie Fader - 100th Birthday

HALIBURTON — Thursday afternoon at Extencicare, a very special birthday party was held for one of the county's eldest citizens. Charlie Fader was celebrating his 100th birthday with his family and friends. Charlie was born in Winchester, Ontario on November 15th, 1879 and lived in Stanhope Township for 95 years before entering Extencicare a few months ago after suffering a mild stroke. Mr. Fader worked at just about everything in his lifetime, but logging was his first love. He owned his own sawmill in Stanhope, he farmed, raced horses and went on countless logging drives from Moose Lake down to the Trent River. Mr. Fader married his childhood sweetheart, Sarah Day in 1903, and they spent 71 years to-

gether until her death in 1974. Charlie and Sarah had one child, a son, Verle (now deceased). They also have two grand daughters, Sheila Griffin and Elaine Barjarow, one great-grandson, Jerry Griffin, two great-grand-daughters, Shannon Harding and Kathy Castle and three great, great, granddaughters, Kimberly Harding and Keri and Tanya Castle above. Charlie received many gifts and plaques on this special occasion, the most cherished from Queen Elizabeth (a telegram of congratulations), MP Bill Scott and MPP John Eakins (plaques). Mr. Fader also spent a very nice afternoon at home in Stanhope on Sunday, visiting with his family and many friends.

Cross Country race results

The third annual Haliburton County Cross Country race was held at Archie Stouffer Elementary School recently with about 90 runners competing over the mile and one-quarter distance.

Cross Country running is a team and an individual event. Each school is allowed to enter eight runners per age group, of which five runners count towards the team's overall point standing. The runners receive a ticket at the finish of the race indicating their placement. At the completion of each race, the five lowest finishers, for each team, have their standing tabulated. The school with the lowest overall total, for the four age groups, is declared the winner.

The individual winners for "A" schools were: Junior girls, Lindsey Toshlin, Haliburton; Junior boys, Doug Schell, Minden; Senior girls, Heidi Toshlin, Haliburton; and Senior boys, Kirk Thayer, Haliburton.

Upon tabulation of all four teams from Haliburton, a total of 132 points were amassed, Jr. girls 25; Jr. boys 42; Sr. girls 21; and Sr. boys 44. The tabulation of points for the Minden team broke down as follows: Jr. girls 39; Jr. boys 21; Senior girls 53 and Sr. boys 25, for a team total of 138 points.

As Haliburton had the lowest total aggregate, they were declared the winning team in the "A" school division.

In the "B" school division, Cardiff Public retained the championship for the third consecutive year. Dorset Public was unable to send a full complement of runners and decided to forego the event.

Lake Road.

Dr. A. Jamieson approached council regarding the Andre Lapine paintings and advised that an appraisal of his work was required for inclusion in the Library-Museum feasibility study.

Council gave permission to Dr. Jamieson by way of resolution, to choose the necessary paintings for the appraisal purposes.

A letter was received by council from E. M. Gould of Minden Township requesting permission to rezone his property from RCA to residential. Council directed the clerk to advise that they would consider rezoning the property SR and suggested that Mr. Gould attend the next meeting.

Council also agreed in principle with a severance proposed by F. Winger to sever his lot into two separate parcels, one with lake frontage, the other fronting on highway 35 with the right of way to the lake. Any buildings however, shall be constructed away from the original concession allowance.

In regard to public works department equipment repairs, council passed the following motion; that it be the policy of this municipality that all mechanical repairs to the equipment be performed in the garage by municipal employees unless the Road Superintendent and committee chairman or Reeve authorize such repairs elsewhere.

The tender of Reginald Welch was accepted by council to clean the municipal offices and public washrooms per quotation received subject to the three month probationary period.

Lottery grant for contamination prevention and acid rain study by Natural Resources

A \$197,000 provincial lottery grant will be used this summer by the Ministry of Natural Resources to control contaminants entering lakes and rivers and to help finance a study of the effects of acid rain on fish populations.

Natural Resources Minister James Auld said erosion control measures will be undertaken along certain southern Ontario trout streams to prevent silt from being washed into the water.

Besides destroying fish habitat, the silt contains contaminants that can be absorbed by the fish. If

enough contaminants are accumulated, the fish are unsuitable for human consumption.

Assisting the ministry will be various Conservation Authorities, the Ministries of the Environment and Agriculture and Food and several federal government agencies.

Mr. Auld said the erosion control work — shrub and tree planting, livestock fencing to prevent streambank destruction and construction of streambank retaining walls — will be completed this summer along sections of Bothwells Creek, Reynolds Creek, Nine Mile River, Komoka Creek, Duffin Creek and several other waterways.

His ministry will also co-operate with the Ministry of the Environment on studies on the effects of so-called acid rain. Sulphur and nitrogen oxides entering the atmosphere from industry and other sources can combine with moisture to form mild acids that fall as rain.

A build-up of acid in a lake where there is no natural occurrences of limestone to buffer the acidity can destroy habitat for fish and

other aquatic life.

Mr. Auld said the ministry will increase its collections of water samples in the Lake Superior and Lake Huron areas for testing by the Ministry of the Environment this summer.

In addition, the ministry will also help finance one of several studies by Dr. Harold Harvey, a leading acid rain researcher at the University of Toronto. Dr. Harvey will determine the effects of acid rain in the lakes southwest of Sudbury, around Killarney Provincial Park.

Among other things, Dr. Harvey will study how acidic waters affect fish in their various stages of development and how patterns of change occur in lakes that become acidic.

Mineral markets forecasting system outlined in MNR study

Research into a new system of forecasting mineral commodities markets is the subject of a study now available from the Ontario Ministry of Natural Resources.

The study, one of nine produced by the ministry's mineral resources branch in the past two years, is entitled: World Mineral Markets: An Econometric and Simulation Analysis.

"Hopefully, this forecasting tool will be more manageable and more accurate than existing forecasting models, when development has been completed," said Natural Resources Minister James A.C. Auld after releasing the study.

He said the forecasting model will be of special interest to the mineral industry, investment interests, bankers and government officials.

Mr. Auld said his ministry was anxious to gather response to the model from these users in order to further refine and improve the system.

"For some time, the ministry has been concerned with two major weaknesses in existing mineral markets forecasting tools," said Mr. Auld.

One, he said, is the inaccuracy that became obvious in the course of the nickel crisis two years ago. The other is the extreme complexity and expense of existing large-scale forecasting models.

The problems of nickel market forecasting were tackled to some extent in a previous ministry study, Towards a Nickel Policy for the Province of Ontario, released in 1977, said Mr. Auld.

"What was lacking then, however, was a formal forecasting model, or system," he said.

Four metals — copper, nickel, aluminum and zinc — are discussed in the study. Supply and demand equations are developed for each commodity for seven major economic regions of the world and put together into world supply and demand models and a world price model.

The models are then verified and, on the basis of the verified models, simulations of supply, demand and price are carried out for each of the commodities.

Mr. Auld said the study includes 10 to 12 alternative development scenarios for each commodity. This allows factors to be put into the model that might otherwise be difficult to include in a formal analysis.

For instance, factors such

as political change in developing countries, or changes in supply and demand structure of countries without a free market economy can be included in the mix of information that goes into the model.

This ability to vary factors makes forecasting flexible, and allows users to develop a number of scenarios for a mineral commodity, including highly optimistic and pessimistic scenarios.

World Mineral Markets: An Econometric and Simulation Analysis (Policy Background Paper No. 8) is available from the Ontario Government Bookstore, 880 Bay Street, Toronto M7A 1N3, and from the Public Service Centre, Ontario Ministry of Natural Resources, 99 Wellesley Street West, Toronto, M7A 1W3. Cost per copy: \$15.00.

Bill Sanders to retire in December

Nearly 100 people attended a party Saturday evening at the Stanhope Community Centre, honouring Bill Sanders who will retire from the Haliburton County Roads Dept. this year. Shown above presenting Bill with a rocker-

recliner chair is co-worker Bob Barnhart. Mrs. Sanders received a bouquet of roses and they were both presented with a picture plaque of their entire family. The party was put on by the road department employees.

Why Business is Upset

By W. Roger Worth

"Why do some retailers of fly spray require a license and not others?"

That's one of the dicey little questions now being considered by the Ontario government as a result of a national campaign by the Canadian Federation of Independent Business to cut the excessive paperwork, red tape and regulations faced by small businesses.

The Federation is asking each of its 55,000 members for specific comments on paperburden, and sorting the replies for presentation to the ten provincial governments.

In Ontario, the first province tackled, the organization received an amazing 5,000 replies. These have now been forwarded to various government departments for action. The program will be extended to other provinces shortly.

Roger Worth is Director, Public Affairs, Canadian Federation of Independent Business.

"The specific comments allow government departments to deal more realistically with the problems," said Ontario Premier William

Davis at a recent press conference.

This is not the Federation's first attempt to do something about the paperburden issue. The organization helped convince the federal government to set up a paperburden reduction office which has been responsible for saving taxpayers and business people at least \$100 million per year.

Paperwork and government red tape is a major problem for independent businesses, particularly when seemingly useless forms have to be duplicated for various departments.

Here's an example of the depth of the difficulty expressed by a member:

"We have a small business, myself, my husband and two part-time people. I estimate that the paperwork I must keep for government (at all levels) takes up to 10 hours per week . . . for this there is no compensation . . . I cannot afford to hire someone as this is a relatively new venture."

That plea for help is indicative of the situation facing small and medium-sized businesses nationally.

Some other comments:

"Retail bait handling license (minnows). A person

Charlie Fader and family

On Thursday afternoon at Extendicare in Haliburton, Charlie Fader, long-time resident of Stanhope Township,

celebrated his 100th birthday. There to celebrate with him were his family (above) and many lifelong friends.

would have to be a biologist, mathematician, accountant and a plain genius to accurately complete this form."

"The overlapping of areas. Within three months we had two separate inspectors go through our merchandise from the same government agency, neither of them knowing the other had been around."

You're Cooking

Thanksgiving through New Year's is a busy time for those who pride themselves in offering home-prepared foods to friends and family. It is a time for more entertaining, with friends and relatives visiting from various parts of the country or the world.

So have a ready supply of desserts, especially those made with fruits.

PEAR CRISP

2 cans (1 pound each) pear halves, drained
1/3 cup unsifted flour
1/2 cup rolled oats
1/2 cup firmly packed light brown sugar
3/4 teaspoon ground cinnamon
1/2 teaspoon ground nutmeg
1/3 cup corn oil margarine

Arrange pears in a greased 8-inch-square baking dish. Combine flour, oats, brown sugar, cinnamon and nutmeg. Mix in margarine until mixture is crumbly. Sprinkle over pears. Bake at 375 degrees for 30 minutes, or until topping is browned. Serve warm.

Makes 6 servings.

DEEP-DISH PEACH PIE

One 9-inch pan frozen peach pie filling
Pastry for single 9-inch pie crust
Egg glaze (1 egg yolk mixed with 1 teaspoon water)
Heavy cream (optional)

Bake frozen peach pie filling in 425-degree oven for 30 minutes. Roll out pastry to 9-inch circle. Cut into 4 to 8 wedges, as desired. When pie filling has baked for 30 minutes, remove from oven. Arrange wedges on pie. Brush with egg glaze. Return to oven and bake for 35 to 40 minutes more, or until pastry is golden. Serve warm or cold with heavy cream, if desired. Makes 6 to 8 servings.

GLAZED APPLE TART

1 cup unsifted flour
1/2 cup (1 stick) corn oil margarine
1/4 cup finely chopped pecans
3 to 4 tablespoons ice water
6 tablespoons sugar
2 tablespoons flour

1/2 teaspoon ground cinnamon
Dash salt
6 cups (about 3 large) thickly sliced pared baking apples
1/2 cup orange marmalade

Combine 1 cup flour and 1/2 teaspoon salt in a bowl. Cut in 1/3 cup margarine until mixture resembles coarse meal. Mix in pecans. Add water and mix thoroughly. Form pastry into a ball. Roll out on a lightly floured board to a 12-inch round. Place in a 9-inch spring form pan or a 9x2-inch round cake pan. In a large bowl thoroughly combine sugar, 2 tablespoons flour, cinnamon and a dash of salt. Toss in apple slices in circles, overlapping each slice slightly. Cover pan loosely with aluminum foil. Bake at 400 degrees for 45 minutes.

Meanwhile, combine marmalade and remaining margarine in a saucepan. Heat and stir over low heat until margarine is melted. Strain. Drizzle marmalade mixture over apples. Bake uncovered 15 minutes longer, or until apples are tender. Cool in pan on wire rack. Makes 10 servings.

Home Hardware, Rockcliffe Hotel undefeated in Men's Recreational Hockey here

MINDEN — Home Hardware and the Rockcliffe Hotel remained the only undefeated teams in the newly formed Minden Men's Recreational Hockey league on Monday evening. Home downed Hartwick 8-3 while the Rock took Hall Insurance 10-4. Dave Hartwick and John Lawson led Home with two goals each while singles went to Mark Derry, Dennis Brule, Barry Smith and John Barkwell. Hartwick marksmen were Harris Steele, Mark Schmalz and Peter Pearson. In the 9:30 pm encounter, Larry Sawyer was a one-man wrecking crew, scoring three times and setting up four more

for Rockcliffe's victory. Wayne Hutchinson and Jim Todd pitched in with two goals each while singles went to Don McElwain, Dean Hewitt and Leigh Bull. Neil Burk had two for Hall with singles going to Steve Harper and Royce Miller. Goaltending for the two winning teams was the difference in this free-wheeling hockey, with the Hardware's Randy Ellison making many spectacular stops, while the Rock's Dwayne Lennie halting many Floyd Hall rushes.

On Sports

BY JOHN DALTON

It probably won't be long before the boom in skiing in America reaches from

downhill into cross-country. That is, from Alpine to Nordic skiing.

Cross-country skiing is the self-propelled form of the sport — a sort of hiking or jogging on snow, explains the Norwegian Ski Council.

Actually, cross-country is

the original form of skiing — dating back at least 4,000 years. It wasn't a sport then; it was transportation.

It's estimated that about 2 million Americans are cross-country skiers — or ski tourers. They ski not just in rural terrain, but wherever there is snow: on golf courses, roads, parks, bike and hiking trails, meadows, etc.

The Vermont-based Ski Touring Council is working in the United States to prevent Nordic skiing from being overcommercialized. Alpine skiers usually have to deal with expensive equipment, crowded facilities and substantial travel.

In cross-country skiing, you can actually buy for less than \$100 light skis, poles, bindings and boots. Regular hiking boots (attached with cable bindings) are used by many ski tourers to cut costs even further.

The major difference between cross-country and alpine ski equipment is size and weight, the Ski Council notes. The less your cross-country equipment weighs, the less effort it requires to move you along.

Cross-country skis are "skinny skis" compared to the wider downhill variety. Cross-country gear is lighter, smaller, seemingly less sturdy. But its lightness has a distinct purpose: it allows for greater mobility.

For instance, the average adult's Alpine ski equipment — skis, bindings, boots and poles — weighs about 25 pounds, sometimes more. For the same person, cross-country gear for skiing weighs about eight pounds, sometimes less.

That's nearly 20 pounds, mostly on your feet, saved. The outdoors saying "a pound on your feet is like five on your back" indicates the difference.

Cross-country equipment is slim for a good reason. Slender cross-country skis seldom have metal edges — another effort to save weight.

The Norwegian Ski Council warns that shoppers looking for cross-country gear should decide exactly what they want from the sport before worrying about things such as particular brands, models or countries of origin.

1000 Lakes executives bowl in Harold Buchner Memorial

Each week during "Bowling Week in Ontario" the Ontario Five Pin Bowlers Association and the Bowling Proprietors of Ontario get together to sponsor many events for the over 120,000 bowlers in the province. This year was no exception. At the House level, the Hoult-Hellewell Main-O-Graphic tournament was held and featured five member teams. The tournament is a pins over average format and ladies, men and mixed teams compete for prizes.

Professional Bowling Services then sponsor an executive tournament, where more than a \$1,000 worth of merchandise prizes are up for grabs. This year's event was once again held in Richmond Hill. The entry fee was a tour of the PBS plant where the fine PBS pinsetter is made along with pins and balls. Tours are given anytime to leagues or individuals, all it takes is a call first to set a time.

In this year's PBS sponsored Harold Buchner Memorial, six 1000 Lakes Bowlers took part, with one namely Bill Korz of Fenelon Falls finishing in the 20th and last prize position with 68 pins over his average. Lois Bailey of Bancroft and Judy Lavoy of Bancroft finished with 46 and 41 pins over while the other three, Ross and Shirley Wilson and Bill Phillips all finished down the list. For the first time in its five year history, Carnarvon Lanes sent no rep to the tournament.

First place finisher was Marilyn Buck of Stratford with 208 pins over her average and she won a beautiful Pro Tan Sun Lamp.

Following the tournament the executives headed for the annual Builders of the Industry dinner held at the Four Seasons Hotel. Honoured this year were the Ont. Five Pin Bowlers Association's Executive Director Bert Garside, the Bowling Proprietors Association nominee was Alex Feldman and Mrs. Mabel McDowell.

TWO BIG WEEKS, Wed., November 14th to Tues., Nov. 27

MONDAY LADIES — this league's initial games provided two lopsided scores. Dale Austin's strong, experienced foursome thumped Lois Titus' rink 16-2. Austin's winning team is staffed by Eleanor Hall, Louella Yearwood and Alberfa Maitland while Titus has Nancy Garbutt, Joan Hummell and Bev Kinsman curling with her. The second game saw the Chris Dollo team take it to the Penny Obee rink by a decisive 12-2 score. Obee's team of Judy Jackson, Cheryl Murdock and Gaye Coneybeare couldn't get untracked against the strong shot-making of Dollo, Norma Burk, Betty Taylor and Marion Anderson.

TUESDAY LADIES — Jane Graham's rink of Betty Taylor, Irene Alexander and Marion Anderson came up with some clutch shots in defeating Lois Titus, Norma Burk and Susan Francis by a 6-3 score. The second game saw Chris Dollo's rink of Aileen Blears, Marie Saunders and Estella Burch score an impressive 9-4 win over a strong Bev Wood entry consisting of Vicki Cross, Helen Burton and Alberta Maitland.

TUESDAY MEN'S — Highlight of this league was Garth Kellett's strong showing as he pressed Neil Burk's team to the final stone only to lose 9-8 in the last end. Kellett's team of Stan Blears, Jerry McKelvey and Cliff Burke fought a see-saw battle against Burk's more experienced rink of Ron Reid, Cec Yearwood and Ken Fielding. Elsewhere J. O. Jackson, Herb Gill and Bill Roodenburg posted an 8-4 win over a tough schoolboys entry of Doug Cross, Shaun Harrison and Shane Blakey. The third game saw Bob Austin's rink of Jim Garbutt, Ev Rudd and Brent Murdock hammer the Don Blakey foursome by an 11-2 count. Curling with Blakey are Jim Burton, Roland Sedgwick and Al Mayo.

WEDNESDAY MIXED — The Don Blakey foursome of Penny Obee and Mike and Lynn Raback curled a strong opening night game, finally defeating Stan and Aileen Blears, Jane Graham and Alberta Maitland by an 8-7 margin. Meanwhile, Jim Burton and Garth Kellett battled to a tough 6-6 tie that featured many excellent shots. Curling with Burton are his wife, Helen and Lyn and Lisa Forsythe while Kellett has Judi Jackson, Estella Burch and Gaye Coneybeare rounding out his team. The final game saw Bob Austin pile up an early 8-1 lead and cruise to a 9-4 victory over Dwight Thomas. Austin received strong support from his wife Dale, daughter Janine and Danny Allison. Curling with Thomas are Marj. Young, and Rick and Bev Kinsman.

THURSDAY NIGHT — In inaugural action Bill Roodenburg's team of Eleanor Hall and Ron and Carol McKenzie eked out a 7-6 decision over Jim and Nancy Garbutt and Gary and Marion Anderson. Elsewhere, J. O. and Jean Jackson and Godfrey and Marie

Sheldon Stevenson nets six goals in 18-0 Novice win

Minden Novices had quite a week first downing Haliburton 5-1 on Saturday in Haliburton and then travelled to Beaverton on Sunday and thrashed their hosts 18-0.

In Haliburton the Novices got revenge for a 4-2 setback at the hands of Haliburton last week, by taking a 5-1 decision this week, led by the three goal performance of Jeff Francis. Scott Russell and Sheldon Stevenson added singles.

Joye Boyle and Vincent Stamp each had one assist in the game. Minden played with just five players and a goalie to make the outcome even more outstanding.

On Sunday in Beaverton Sheldon Stevenson picked up six big goals in the game, while Jeff Francis was right behind with five. Scott Russell added four. Saunders racked up a 12-6 victory over Jerry Pillsworth's entry of Herb Gill and Brian and Vicki Cross. The final game saw Don Sinclair's team of wife Ethel Joe Rivers and Gwen Con pile up an 8-3 win over the Lorne Coburn foursome of Lois Titus, Ken Fielding and Betty Taylor.

MEN'S SENIORS — Opening day featured two tie games when Art Hodgkinson and Art Hunt as well as Toni Stinson and Sandy Stewart even up their respective games at four apiece. Cec Yearwood defeated Don Sinclair 9-2 while Hal Burton posted an opening round victory over Les Walling.

His future is in your hands

The moose population in Ontario is on the decline — 35% fewer today than in 1965 — and we're looking for your views.

The moose is a valuable natural resource to the people of Ontario. To many, just being able to see this proud animal in his native habitat is in itself an unparalleled thrill. To others, the thrill is in the hunt.

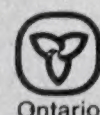

There are many possible solutions to the problem of our declining moose population. If you wish to hear of them, comment on them or make suggestions of your own, plan to attend one of the Ministry's public discussion meetings.

THE CORPORATION OF THE TOWNSHIP OF STANHOPE

NOTICE

IN THE MATTER OF THE MUNICIPAL ACT AND IN THE MATTER OF A PROPOSED BY-LAW OF THE CORPORATION OF THE TOWNSHIP OF STANHOPE TO STOP UP, CLOSE AND CONVEY THAT PORTION OF THE OLD TOWNSHIP ROAD SITUATE IN LOT 11, CONCESSION 9, IN THE TOWNSHIP OF STANHOPE.

NOTICE IS HEREBY GIVEN, pursuant to Chapter 284, Sec. 443 of The Municipal Act, R.S.O., 1970, as amended, that the Township Council of The Corporation of the Township of Stanhope proposes to consider and if deemed advisable, to pass at its regular meeting to be held at the Municipal Office, in the Township of Stanhope, on Wednesday, December 5th, 1979, at 3:00 p.m., a By-law to Stop Up, Close and Convey the following:

ALL AND SINGULAR that certain parcel or tract of land and premises, situate, lying and being in the Township of Stanhope, in the Provisional County of Haliburton, being composed of part of Lot 11, Concession 9, in the said township, and which said parcel or tract of land is more particularly described as follows:

PREMISING that the bearings herein are astronomic and derived from Plan 19R-1592.

COMMENCING at a point which is distant 7.58 feet measured on a course of South 20 degrees 22 minutes 30 seconds East from a point in the Northerly limit of the said Lot 11 which is distant 159.55 feet measured Easterly thereon on a course of North 70 degrees 35 minutes 30 seconds East from the North Westerly angle thereof;

THENCE North 89 degrees 07 minutes East, 82.46 feet;

THENCE South 49 degrees 54 minutes East, 101.67 feet;

THENCE North 69 degrees 43 minutes East, 128.51 feet;

THENCE North 59 degrees 23 minutes East, 100.21 feet;

THENCE South 78 degrees 24 minutes East, 89.3 feet;

THENCE South 30 degrees 46 minutes 05 seconds West, 31.72 feet to a rock post;

THENCE South Westerly along a curve to the right having a radius of 623.19 feet, an arc distance of 38.59 feet, and having a chord equivalent of 38.59 feet when measured on a course of South 32 degrees 32 minutes 32 seconds West;

THENCE North 78 degrees 24 minutes West, 39.61 feet to an iron bar;

THENCE South 59 degrees 23 minutes West, 80.70 feet to an iron bar;

THENCE South 69 degrees 43 minutes West, 172.88 feet to an iron bar;

THENCE North 49 degrees 54 minutes West, 115.4 feet to an iron bar;

THENCE South 89 degrees 07 minutes West, 34.43 feet to an iron bar;

THENCE North 20 degrees 22 minutes 30 seconds West, 70.01 feet to the Point of Commencement.

WHICH SAID parcel or tract of land may be further illustrated shown outlined in red on a plan by Paul Wilson, O.L.S., dated October 25, 1979, and which said plan of survey may be examined at the Municipal Office of the Township of Stanhope;

AND FURTHER TAKE NOTICE that before passing the said By-law at its meeting to be held at the time and place above mentioned, the Township Council of The Corporation of the Township of Stanhope shall then and there hear in person, or by his Counsel, Solicitor or Agent, any person who claims that his land will be affected by the said By-law and who applies to be heard.

DATED AT the Municipal Office of The Corporation of the Township of Stanhope, this 26th day of October, 1979.

GERALD BAIN,
Clerk of The Corporation of
the Township of Stanhope

OPP Constables honorary Kentucky Sheriffs

Killaloe OPP officers Doug Abbott, left, and Aubrey Allen have a good reason for displaying their proud smiles. The two officers have been appointed Deputy Sheriffs of Boone County, Kentucky. The rare appointments came following the two officers' roles in an incident Sunday, September 9.

by Gerald Tracey

What does the Village of Killaloe and the State of Kentucky in the United States have in common?

To most people, there are probably no known similarities—that is there were no known similarities, at least up until September 28, 1979.

On that day, two Killaloe Provincial Police officers became Honorary Deputy Sheriffs with the Boone County Sheriff's force.

Acting Cpl. Aubrey Allen, 37, and Const. Doug Abbott, 30, have received such honours as bestowed upon them by Sheriff Russel Luck of Boone County, Burlington, Ken.

Just recently, the two Killaloe officers received scrolls in their respective mail boxes and both were more than puzzled when the address label read: Honorable D.O. Abbott, etc., and Honorable A.A. Allen, etc.

When the officers opened the cardboard tubes, they could hardly believe the contents; each were stunned when they pulled out parchment scrolls that read:

**COMMONWEALTH OF
KENTUCKY**
(then a crest of the Sheriff's
Office patch)

Russell Luck

Sheriff, Boone County

To all whom these presents shall come, know ye, that HONORABLE D.O. ABBOTT HONORABLE A.A. ALLEN have been duly designated and appointed

**HONORARY DEPUTY
SHERIFFS OF
BOONE COUNTY**

I hereby invest with such appointment all honorary power and authority to execute and discharge the duties of an Honorary Deputy Sheriff of Boone County, And to have and to hold said honorary office with all rights and privileges afforded.

In the bottom left corner of the scroll, is affixed the proper seal and printed to the right are the words: In testimony whereof I have hereto set my

and affixed the seal of my office.

Stratis Incident

The reason behind the two constables receiving such honours stems from the September 9, 1979 incident when a Kentucky couple disarmed a police officer in Bancroft during an alleged break-in to the Bancroft Pharmacy. The couple, residents of Kentucky, made off with Const. D.W. Rollins' service revolver and left him handcuffed and with his feet bound together.

Not long after the Bancroft incident, Whitney Const. Bernie Gaw, at a roadblock he had set up at the junctions of Hwys. 60 and 127, east of Whitney, observed a car whose description fitted the one wanted from Bancroft. He followed the car east for a short distance to where it turned into a tourist resort. However, before Const. Gaw could act, the driver of the car jumped out and disarmed Const. Gaw at gunpoint. He was then handcuffed by the female occupant and forced to lie down on the ground. The duo made off with the constable's gun and also stole the keys to his police cruiser.

Shortly after the pair had fled the scene, Const. Gaw was able to raise an alarm and as a result, personnel from the Killaloe detachment were dispatched to the general area of the crime.

At about 6:45 on that dull and overcast Sunday afternoon, Acting Cpl. Aubrey Allen and Const. Doug Abbott caught up to the suspect car, an AMC station wagon with Kentucky plates, just east of Madawaska on Hwy. 60. The car then turned off onto a road leading to a tourist resort, but because the Killaloe officers were aware that the road was a dead-end route, they set up roadblocks, at that location. Minutes later, the suspect vehicle, with only the driver visible, returned to the roadblock location and when the driver failed to stop, warning shots were fired and the right rear tire was deflated by a shotgun blast.

The vehicle then reversed down the road and out of sight. Just moments later, the OPP helicopter, with Const. Sedgwick at the controls, arrived to assist. He had earlier picked up a radio transmission over the Bracebridge area, concerning the incident at Bancroft, and had followed it to Whitney.

In the meantime, two more police cruisers with four officers in each, arrived at the roadblock. The chopper made a sweep of the area and reported that the suspect auto was again headed toward the barricade.

The occupants of the car, Paul and Alice Stratis of Boone County, Burlington, Ken., surrendered without further complications. The two service revolvers as well as a snub nose revolver, were

discovered in the vehicle. Two infant children, daughters of the Stratis', aged 18 months and two years, respectively, were found in the rear of the station wagon. They were not injured and their presence in the car had been unknown to police throughout the ordeal.

A charge was made with Boone County Sheriff Russell Luck and it was learned that the Stratis couple, Paul Elliot, 31, and Alice Karen, 26, were wanted on charges relating to the abduction of one of their children from wardship of the Boone County Human Resources.

The Stratis couple had been residing in Peterborough for one month prior to the incidents in the Bancroft and Whitney detachments. A search of their apartment revealed that it had been furnished with stolen property from the Peterborough and Lindsay areas.

The whole chain of events—from the Bancroft incident until the capture of the couple—was given priority coverage by newspapers and other media and it wasn't long until the couple became known as the modern version of the notorious U.S. couple of the 1920's—Bonnie and Clyde.

Minden Minor

HOCKEY

Ivan Ingram nets 6 goals in 2 wins

MINDEN — The minor hockey association came up with its best effort of the new season this week, playing nine games, winning five, tying two and losing two. They scored 45 goals in the nine games while limiting the opposition to just 24.

The Minden Monarch Walker Lumber Midgets finally got their season off with defeating Manvers 5-1 and then Bobcaygeon 12-2.

In Manvers last Monday evening, Ivan Ingram came through with a three goal performance and also picked up an assist. Other scorers were Andy Pristoll and Kevin Shapiera. Bret Austin had an outstanding evening for the Minden entry, setting up four of the five goals. Scott Naylor spoiled Terry Crowe's shutout for Manvers in the second period.

Saturday afternoon at the Centre, the Monarchs skated all over a very outclassed Bobcaygeon team 12-2. Shawn Chapman, Ivan Ingram and Brent Moxam all fattened the early season statistics with three goal outbursts. The three snipers also picked up a pair of assists each. The scoring for Minden to complete the rout went to Shapiera, Pristoll and Kevin Hamilton.

The midgets welcomed back star centreman Ronnie Yake to the team on Saturday and he pitched in with two assists. Yake had been trying out with the Junior A Newmarket Flyers but was cut early in the week.

**GIVE... so more
HEART FUND will live**

Davies leads Juveniles over Caygeon, Juvenile 2, 3 goals

The Minden Juvenile No. 1 team came up with two fine efforts downing Bobcaygeon for the second time in four days, this trip 2-1 and then beating the juvenile No. 2 squad 5-1.

Tim Davies and Peter Johnson scored in the Bobcaygeon game last Wednesday, Davies unassisted and Johnson's set up by Kim Hamilton.

On Friday evening at the Centre, the two Minden juvenile teams met and Harold Porter scored the first goal of the game at 5:48 of the first period and it looked like the No. 2 squad was going to give the No. 1 team a run for it. However that was the last time the second team threatened. At 9:32 of the opening period Greg Carpenter scored to tie it.

In the second period Carpenter finished off a fine three-way passing play with linemates Garry Harrison and Roger Hicks to put the first team up 2-1. At 8:57 of the period Shapiera scored from Harrison and then at 9:13 Davies scored his first of two, the first from Corey Walker and his second at 6:44 of the third period a beautiful unassisted individual rush from centre ice.

The juvenile No. 1 team meets Woodville on Tuesday evening Nov. 20 and this Friday they are at home against Ops.

PL leads by two points, 2 nights left in 1st series. The men's commercial league at Carnarvon is going right down to the wire in the opening series of the '79-80 season.

With just two nights left in this first series, Peterborough Lumber holds a slim two point lead over Guilford Recreation 119 to 117. Third is Ingoldsby 112, followed by Modern Electric and Carnarvon Lanes with 109 points. Trailing the field is Jim's Barber Shop with 93.

Ronnie Robinson of Modern Electric was the top shooter last Wednesday evening with a 740 triple. Gord Overall of the Lanes rolled 692 while Guilford's Wes Stata had 690.

Minden Peewees win, tie, lose

Minden's peewees were the busiest team in minor hockey this week, winning big in Bobcaygeon on Tuesday evening 11-4, then losing a toughy to Ops 2-0 at the Centre on Thursday and then coming back from a 5-0 deficit early in the first period at the Centre on Saturday afternoon to salvage a 6-6 tie.

Jeff Howe led the scoring in Bobcaygeon on Tuesday evening, scoring three goals and added another three assists to his performance. Mike Gorveatt potted two goals while singles went to Glen Hall, Greg Newell, Kevin Cowen, John Ballantyne, Paul Allore and Paul Walker.

The game was a wide-open, free-wheeling affair with the officials having a very easy night calling just one minor on each team. Thursday evening in Minden, the boys had another tough outing against Ops, this time losing 2-0. Minden hit three goal posts and crossbars during this contest and muffed many other scoring opportunities in the game, out playing Ops in every department but on the scoresheet. Kenny Mahon and Jeff Bergin scored the Ops goals.

On Saturday at the centre, the peewees fell behind 5-0 when starting goalie Peter Allore had a very shaky time of it. However, coach Gene Newell took Peter out before the period ended and inserted Andrew Burk. At 29 seconds of the second period Paul Walker put Minden on the scoreboard with a fine rush through the entire Omemee team. At 2:24 Glen Hall scored from Allore and suddenly Minden was back in the game.

The momentum continued as Tom McLeod, who had just finished playing a full game with the Atoms took a pass from Walker to score at 8:50 and cut the lead to 5-3. In the third period Mike Gorveatt tied the contest. His first goal from Walker and Greg Newell and his second at the 8:15 mark from Newell and Walker.

Then at 10:32 Omemee again took the lead but just over two minutes later Jeff Howe scored to tie the game at six, from Newell and Gorveatt. Stephen Spear had two for Omemee while singles went to Allan Harrison, Brain Harrison, Steve Partridge and Scott Coons.

1980 Chevette

OSHAWA, Ont. — Chevy Chevette, one of North America's most popular subcompact cars, features an attractive new rear end treatment with wraparound taillights, improved, hatch glass mounting, and a new brake system.

Chevette's distinctively

new hatchback features flush-mounted glass. Quarter panels are new with sharper-radius quarter windows and a new round fuel filler door. Rear lamps feature a new four-lens unit, while licence plate lighting is changed from side units to a hidden top light.

Chevette model lineup remains unchanged with 2-door hatchback coupe, 4-door hatchback sedan, and the popular Scooter version of the coupe.

Power trains for 1980 remain unchanged.

Chevette's new braking system enhances performance with the addition of a proportioning valve,

semi-metallic front brake outer pads, larger brake pistons and dual servo rear brakes. Front-to-rear skid balance is improved with pressure proportioning. Pedal feel is substantially better, while brake lining life is extended and overall service life is improved.

New boldly-contrasting custom trim for all interior colors is offered.

Atoms tie Omemee 3-3

Minden Atoms took a 3-0 lead into the third period on Saturday afternoon at the Centre, but they couldn't hold it as Omemee fought back to tie the game 3-3 before the final buzzer.

Dwayne Cooper opened the scoring in the first from Corey Davies. David Schell then put Minden ahead 2-0 from Scott Nesbitt and Gord Wood. The local boys went up 3-0 when Jeff Warburton scored unassisted. In the third, Omemee snipers were David Ahern, Tom Burrell and Jarrod Wood.

Minden Bantams suffered one of the two losses this week when they dropped a 4-1 decision to a very strong Ops team. Ops Bantams have a record of 6-1 to date, losing only to Bobcaygeon and have won most of their games in double figures, so Minden came up with an outstanding performance considering.

Tim Wood opened the scoring at 3:00 even of the first period but that was all they could score on this day. Ops picked up a pair of goals by Paul Yetman and singles from Jamie Bergin and Tim Siddle.

Haliburton Highlands
the heart of getaway country

CHEVROLET'S 1980 CHEVETTE FEATURES — a new aerodynamic rear end with a repitched, more vertical hatch lid. Hatch glass is flush mounted. Rear quarter panels are redesigned with new wraparound taillamps. Engineering highlights include a new, improved performance braking system which requires less braking effort. New optional steel belted radial tires give about 25 percent better wear life and improved handling. Model lineup is the same: 2-door and 4-door hatchbacks and Scooter coupe.
